

Hygienic Process Valves

Sterivalve Series

{xtypo_info}The [Sterivalve](#) range of stainless steel modular [hygienic butterfly valves](#) offers the ideal solution for the control of powders and liquids in the pharmaceutical and associated industries.{/xtypo_info}

Most valves can be manufactured to meet special applications and come with an extensive range of accessories including actuators, position sensors, mounting flanges and control systems.

Special lightweight PTFE bodied valves can also be supplied. One of the major advantages of the [Sterivalve](#) system is the compact design that offers a very slim profile to the main body.

Modular construction and interchangeable parts helps keep the spares requirements to a minimum.
